

## COMPREHENSIVE COMMUNITY SUPPORT SERVICES (CFT) H2015

Provider:	Member ID:	
Review	Reviewer	
Date:	Name:	

1.	Is there a current assessment that establishes medical necessity for this service?	3	0		
	j	3			
2.	Do signature, dates and/or other documentation support	3	0		
	direct participation by consumer/guardian in treatment				
	planning?				
3.	Are Treatment Plan goals and objectives commensurate	3	2	1	0
	with the time spent in the CFT program?				
4.	Are Treatment Plan goals and objectives based on the	3	2	1	0
	current assessed need as reflected in the consumer record				
	and the authorization request?				
5.	Are there realistic projected achievement dates for the	3	2	1	0
	objectives on the Treatment Plan?				
6.	Is there a Treatment Plan review that includes:	3	2	1	0
	whether timelines for completion were met				
	whether a decision to either continue or modify the				
	plan was made				
	a summary of treatment or training provided				
	progress toward achievement of objectives				
	<ul> <li>problems which impede treatment/progress whether</li> </ul>				
	consumer or center based?				
7.	Was the planning situation an instance of one or more of	3	0		
/ .	the following:	)			
	Psychosis				
	Major Affective Disorder				
	and/or Prescription of any Psychotropic Medication?  If was a way with a relation of any Psychotropic Medication?				
	If yes, was either the physician or licensed psychologist				
	present? If no, was the plan signed within 72 hours? Note:				
	For clinic services there <u>must</u> be a physician's signature.		_		
8.	Is the Treatment Plan modified when significant changes in	3	0		
	the consumer's clinical status are documented?				

Is there evidence that the service provides opportunities	3	2	1	0
·				
, ,				
	3	2	1	0
age, interests and aptitude?				
Do daily notes document the consumer's symptoms and	6	4	2	0
level of functioning during group activities?				
Is the consumer's response during group activities	3	2	1	0
documented with details?				
Is the consumer's level of participation during group	3	2	1	0
activities documented with details?				
Is there a daily note that includes:	3	2	1	0
a specific description of the activity and				
• the relationship of the specific activity to the				
consumer's Treatment Plan objectives?				
Is there a daily note that includes:	3	2	1	0
total time in attendance				
• date				
signature with credentials				
place of service?				
Is the service consistent with the service definition and/or	3	2	1	0
best practice?				
	for consumers to practice and use their skills in a community setting?  Are program activities individualized to the consumer's age, interests and aptitude?  Do daily notes document the consumer's symptoms and level of functioning during group activities?  Is the consumer's response during group activities documented with details?  Is the consumer's level of participation during group activities documented with details?  Is there a daily note that includes:  a specific description of the activity and  the relationship of the specific activity to the consumer's Treatment Plan objectives?  Is there a daily note that includes:  total time in attendance  date  signature with credentials  place of service?  Is the service consistent with the service definition and/or	for consumers to practice and use their skills in a community setting?  Are program activities individualized to the consumer's age, interests and aptitude?  Do daily notes document the consumer's symptoms and level of functioning during group activities?  Is the consumer's response during group activities documented with details?  Is the consumer's level of participation during group activities documented with details?  Is there a daily note that includes:  a specific description of the activity and  the relationship of the specific activity to the consumer's Treatment Plan objectives?  Is there a daily note that includes:  total time in attendance  date  signature with credentials  place of service?  Is the service consistent with the service definition and/or	for consumers to practice and use their skills in a community setting?  Are program activities individualized to the consumer's 3 2 age, interests and aptitude?  Do daily notes document the consumer's symptoms and 6 level of functioning during group activities?  Is the consumer's response during group activities 3 2 documented with details?  Is the consumer's level of participation during group 3 activities documented with details?
