## **Exception Information and Check-List**

This check-list will assist with completing Exceptions requests fully and accurately. Any requests which are incomplete or have errors will result in denial. The check-list is separated by Annual and Mid-Year Requests and general information helpful to completing the form.

Annual team agreement to services		
	A face-to-face annual IPP meeting must be held to agree to services requested on the	
	Exception.	
	Initial purchase request must be under budget.	
	Services must be purchased in the correct order:	
	☐ CM (12 units)	
	☐ Direct Care (PCS services, day services, electronic monitoring, LPN direct-care, and	
	respite services)	
	Professional Services (RN, BSP, Indirect-LPN, any specialty therapies (ST, PT, OT,	
	DT), and transportation	
	Request must max direct-care total team has agreed will meet the member's needs under-budget before requesting other services	
	☐ In order to purchase the next professional service in the order – you must at least	
	purchase some of the service that comes previously. Example – there is money left in	
	the budget after purchasing CM and direct-care – and, the team wants to prioritize BSP.	
	However, the member also needs RN for the full year. In order to purchase BSP under-	
	budget, the team must also request <i>some</i> RN under-budget.	
	Services requested in IPP must match services requested on Exception form.	
Annual request timeline		
	Exceptions request must be submitted to <a href="mailto:IDDWExceptions@kepro.com">IDDWExceptions@kepro.com</a> within <a href="mailto:14">14</a>	
	<b>business days</b> of the date authorizations are obtained in CareConnection©.	
	☐ Having the IPP earlier in the month is beneficial so any doc requests can be filled	
	and authorizations obtained as close to the anchor date as possible.	
	☐ IPP documentation, and DD9 and/or DD8s (when requesting those services –	
	regardless of whether they can be purchased under-budget), must be uploaded to	
	CareConnection©	
	The panel has <b>20 business days</b> to review the request from date of submission.	

→ Mid-year team agreement to services

☐ To request an Exception mid-year, you **must** have a face-to-face meeting.

	<ul> <li>Exceptions submitted via an addendum will not be reviewed and result in denial.</li> <li>Mid-year Exceptions must be based on a change in need, not based on utilization.</li> <li>Examples include, but are not limited to: starting/discontinuing day services, emergent or worsening behavioral concern, change in medical condition, change in primary caregiver, etc.</li> <li>Services requested in IPP must match services requested on Exception form.</li> </ul>	
M	id-year request timeline	
	Exceptions request must be submitted to <a href="mailto:IDDWExceptions@kepro.com">IDDWExceptions@kepro.com</a> within <a href="mailto:14">14</a> business days of the date of the IPP.  The team has 14 calendar days to complete and upload the IPP to CareConnection©. If the member requires purchases/modifications, within budget, at any mid-year juncture – make sure to submit those purchases/modifications before the Exception is sent to the inbox. If purchases/modifications are submitted after an Exception request is received – the request will be rejected/closed.  The panel has 20 business days to review the request from date of submission.	
	DO NOT REQUEST MODIFICATIONS/PURCHASES IN EXCESS OF THE BUDGET IN	
	CARECONNECTION© THEY WILL BE CLOSED.  ☐ Once a decision is made modifications will be made by KEPRO and/or instructions sent to CM to make purchases.
